

8-channel fiber optic

8-channel fiber optic

These environmentally hardened units provide transmission of 4 independent video channels, one audio channel and one bi-directional data channel over one singlemode or multimode optical fiber and are ...

The F-8ASI is a fiber optic transmitter and receiver set for 8 full rate DVB-ASI ...

The F-8ASI is a fiber optic transmitter and receiver set for 8 full rate DVB-ASI Broadcast signals. This is our standard ASI over fiber transport platform for the broadband and broadcast industry.

8 Channel AHD CVI/TVI Fiber Optic Video Converter RS485 to over Optical Fiber Transmitter and Receiver Set 1-64ch for CCTV Dahua /HIKVISION HD Camera 1080P/960P

GESD 8 Channel Video Data Fiber Optic Media Converter FC Singlemode Transmission Distance 20Km for Analog CCTV Surveillance Security System (1Pair Interface BNC coaxial Conversion Transmitter)

The FVMTR8A05A installation kit includes 8-channel video transmitter and receiver devices for converting an analog CCTV signal over fiber. These units also support 1-channel bi-directional data. ...

The FiberPlex WDM8 is an 8 Channel Active Wavelength Division Multiplexer. Simply put, it is a device which allows the user to combine up to 8 sources of data on a single fiber pair.

This setup allows for the simultaneous transmission of 8 bi-directional channels of video signals over a single optical fiber cable, supporting SD, HD, and 3G-SDI formats with loop-out outputs for enhanced ...

GESD 8 Channel Video Data Fiber Optic Media Converter FC Singlemode ...

These environmentally hardened units provide transmission of 4 independent ...

The RLH Contact Closure Fiber optic converter transmits 8 digital input signals over fiber optic cable. Applications include alarm event triggering, building automation, environmental control systems, fire ...

The 1000" 8-Channel LC Single-Mode Fiber Tactical Snake Cable from Complex is a ruggedized and lightweight multi-channel fiber optic cable designed for multiple deployments for field production in ...

This eight-channel, parallel, pluggable, fiber-optic OSFP is specifically designed for 800 Gigabit Ethernet applications. It offers exceptional performance for short-range data communication and interconnect ...
