

## Belgian UPS power system manufacturer

### Overview

We offer integrated and customised systems that meet your electricity needs, thanks in particular to gensets equipped with Uninterruptible Power Supplies (UPS). UPS which stands for Uninterruptible Power Supply is a device that provides backup power to electrical systems during power outages or fluctuations. It helps to ensure uninterrupted operation and protect sensitive equipment from potential damage. Fluctuations and failures of the power supply, from simple voltage dips to total power cuts, can have disastrous consequences on the products or services of your activity. Thanks to Multi Services Engineering (MSE) specializes in the maintenance and upgrades of electron beam accelerators, which includes optimizing their power supply systems. 5kVA UPS with internal batteries installs in only 3 rack spaces with a depth of only 635mm / 25 inches. Anixter is your source for UPS Systems products. We stock a large selection of UPS - Uninterruptible Power Supplies, including new and most popular products from the world's top manufacturers including: APC, Phoenix Contact, Schneider Electric, Siemens & EA. Since 2011, IT DISCOUNT has specialized in the sale of refurbished and second-hand computers, TVs, smartphones, and high-tech accessories.
