

Buy a 1550 optical module

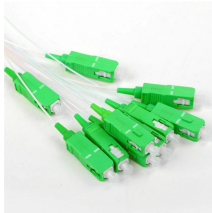

Buy a 1550 optical module

Featuring a single +12V DC power supply and a SMA RF input connector, this ...

Buy 1550nm SFP transceiver modules for long-distance fiber networks. Compare types, distances, compatibility, and pricing to choose the right SFP.

This optical solution is positioned for reducing the development cycle time and allow for simple integration into advanced fiber optic sensing systems. External monitoring and control can be ...

Order today, ships today. XG-SFP-ER-SM1550-C - Transceiver Module Networking, General Purpose 10Gbps 1550nm 3.3V LC Duplex Pluggable, SFP+ from ATGBICS. Pricing and Availability on ...

The ABPTEL 10G-SFP-ZR is a long-range 10G SFP+ optical transceiver designed for distances up to 80km over SMF. Featuring 1550nm wavelength, duplex LC connectors, and DOM support, it ensures ...

We offer single frequency 1310 and 1550 nm DFB laser diode assemblies for those applications requiring narrow line width laser sources. The DFB devices are of a multi-quantum well structure with ...

1550nm Ultra-narrow Linewidth Single-Frequency Laser module, Compact module size, narrow line width (<3k), 20mW output power, high stability, ideal for device integration, distributed fiber DAS, DVS ...

Mouser offers inventory, pricing, & datasheets for 1550 nm Fiber Optic Transmitters, Receivers, Transceivers.

Where there is fiber, the optical module is needed, and the selection and purchase of the optical module has become the focus of the front-line engineering technicians or purchasing personnel.

Featuring a single +12V DC power supply and a SMA RF input connector, this module is easy to operate and integrate. The module can be controlled remotely via the RS485 interface. Wavelength other ...

Gigabit WDM/Bidi Singlemode SFP module from Conexpro manufacturer with wavelength (Tx/Rx) 1550/1310nm, speed 1 Gbps, equipped with one LC connector with UPC grinding and is intended for ...
