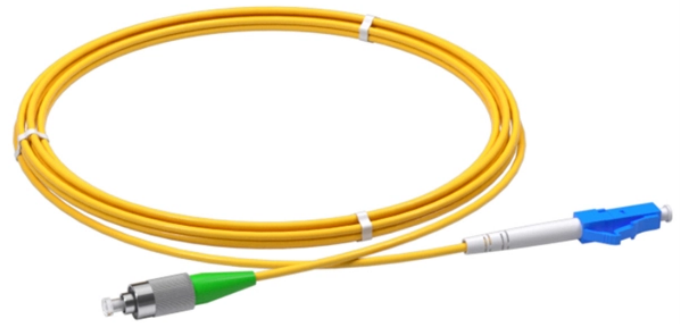
Chad Fiber Optic Sensor Technology Manufacturer



Overview

Founded in 1973, Chad manufactures equipment to automate assembly of odd-form components in printed circuit boards. Chad's machines often incorporate Adept robots. Adept purchased Chad to increase its production of semi-automatic and fully automatic assembly machines for fiber optic. San Jose, Calif., a manufacturer of flexible automation for the telecommunications, fiber optic, and semiconductor industries, announced October 9 that it has completed the acquisition of CHAD Industries, Inc., located in Orange, California, in. Fiber optic sensors manufacturer offering solutions for Oil & Gas, Aerospace & Defense, civil engineering, geotechnical and other industries. Opsens Solutions, a divisions of Opsens Inc. has acquired Chad Industries Inc.
