

Chilean warranty optical receiver QSFP

Overview

You get 30 days free! Choose a plan at checkout. If you notice any omissions or errors in the product information on this page, please use the correction request form below. Support 40G ethernet, data center, enterprise, and Infiniband applications with Precision OT's range of 40G QSFP+ optical transceivers for link distances of a few meters up to 80km. The 40G QSFP+ transceivers feature varying specifications to meet your unique network needs. These hot-pluggable transceivers provide high-density, high-performance connectivity. FS 40G QSFP+ optical transceiver module solutions offer a full range of QSFP+ modules from 150m to 80km reach, and used for high-density switching, routing and data center applications. They are compliant with the QSFP+ MSA1,2 and IEEE 802.
