

## Distribution box for testing

## Distribution box for testing

Ista Pre-Shipment Test Procedure For Packages  
ASTM D642 Compression Strength Testing  
ASTM Test Standards For Compression Testing  
Pallet Testing  
Pallets are important to many industries, as most products are shipped on a pallet at some point in the manufacturing and sales process. If a pallet fails to provide a safe and stable platform, packaged products may be damaged, resulting in added costs. DDL tests pallets to make sure that they can hold and support full unit loads of products through... See more on [ddltesting](#) [stankowitz](#)
