

Ethiopia Tiered Pricing

Overview

The revised tariffs for residential users are now tiered based on consumption: Low Consumption (Up to 50 kWh): Households will pay 0. Moderate Use (50-500 kWh): Charges will vary between different tiers, with a starting monthly bill of 11. The Ethiopian Electric Utility (EEU) has introduced a new electricity tariff structure that will be effective from October 11, 2025, to December 30, 2025. This initiative is part of Ethiopia's comprehensive power sector reform aimed at improving sustainability and recovering costs. This reform, which has been delayed for two years due to various reasons, aims to. Tiered pricing is a pricing strategy businesses use to charge different prices for different product or service usage levels. The outlook is meant as a review of the current energy policy.

Ethiopia Tiered Pricing
