

Finisar active optical cable

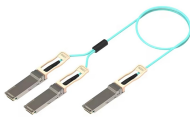

Finisar active optical cable

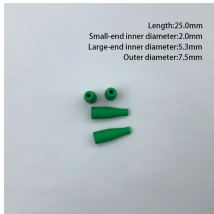

Quadwire® is a family of 4-channel parallel active optical cables that facilitates high-speed data connectivity for storage, networking, and high-performance computing (HPC) applications.

Finisar's SFPwire® is a family of Active Optical Cables (AOCs) for high-speed data links between SFP+ ports. SFPwire AOC's are ideally suited for inter-rack and intra-rack connections within a data center ...

Finisar's active optical cables are used in enterprise and fiber datacenter networks. [View price, stock and buy direct from Transceiver USA.](#)

Our Finisar® 40G and 100G Quadwire Active Optical Cables provide low- power dissipation settings which the host system can utilize. the supply of 12x10G and 12x25G on-board optical Tx/Rx ...

Based on Finisar's vertically integrated VCSEL array technology and designed with CXP-compliant high-density connectors, these cables are compact, lightweight, and low power.

Finisar® Active Optical Cables (AOC) accelerate storage, data, and high-performance computing connectivity. Our complete product line includes SFPwire® AOC for 10/25GbE; Quadwire® AOC for ...

Finisar's C.wire AOC is a 168 Gb/s parallel active optical cable for chassis interconnects supporting applications in data centers, core-routing, and high-performance computing.

Genuine Finisar AOC - Active Optical Cables accelerate storage, data, and high-performance computing connectivity. The complete product line includes the SFPwire AOC for 10/25GbE, Quadwire AOC for ...

HPC Optics offers a wide variety of Finisar Coherent active optical cables with 10G SFP+, 25G SFP28, 40G QSFP or 100G QSFP28 Connectors.

Our family of Finisar® active optical cables accelerate data connectivity for storage, networking and high-performance computing (HPC) applications.

\$364.00 Finisar FCBN510QE2C03 40Gb/s QSFP 3m Breakout Active Cable Finisar Quadwire FCBN510QE2C03 40Gb/s 3M QSFP to 4xSFP+ Parallel Breakout AOC Part Number: FCBN510QE
