

High-altitude fiber optic cable hanging

Overview

This fully automatic optical cable attached hanging machine is designed to solve the problem of high-altitude cables, whether it is urban high buildings or remote mountainous areas, it can handle with ease. With advanced motor drive technology, fast and precise fiber attachment can be. Efficient and Labor-saving --- This high-altitude optical cable hook can greatly improve the working efficiency, under the same working environment, the working efficiency is 5 times more than the traditional manual hooking, which greatly reduces the working intensity of workers. Widely used. Deploying fiber above ground on poles or towers removes the need for underground digging and is particularly useful when the ground is uneven, rocky or both. Proper mounting hardware is crucial for efficient cable management, strain relief, and long-term network stability. Known for high-quality products and a customer satisfaction rate of 97. Shandong JIARUN Heavy Machinery Co. 85mm Battery: 7200 mAh/set, one battery can work for more than 1500 times, about 3 km or more Attached pole: it can be insulated 10KV, and the material is made of insulated glass.
