

High-density wholesale edge data centers

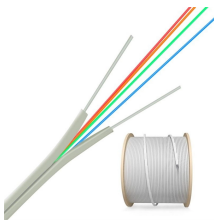

High-density wholesale edge data centers

Find secure, scalable, and cost-effective wholesale colocation from top data center providers worldwide. Access AI-ready, green energy, and hyperscale colocation solutions with flexible deployments.

Deploy modular, energy-efficient edge data centers by WAIYS. Power AI & HPC workloads, reuse waste heat, and transform real estate into digital assets.

We specialize in all mission-critical data center spaces and solutions. Our enterprise data center product offering is typically a Tier III, concurrently maintainable design that is reliable, proven and affordable.

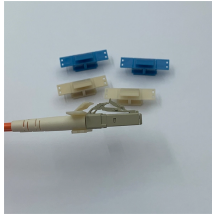

At EdgeConneX, we're more than a reliable and trusted partner—we are catalysts for innovation, revolutionizing how industries operate with AI-enabled, high-density data centers.

With Vertiv global solutions, you can implement uniquely customized modular edge data centers of any scale that are built to maximize flexibility, improve scale, and boost efficiency.

Explore innovative high-density solutions and advanced data center services. Optimize your IT infrastructure with scalable and efficient solutions with EdgeConneX.

Vantage Data Centers provides innovative, scalable wholesale data center campuses to hyperscalers, cloud providers and large enterprises across North America and Europe.

Optimize your data center footprint with DataBank's High Density Colocation solutions. Our facilities are designed to support high-density deployments and offer advanced cooling and power solutions.

Utilize our advanced DeltaCube3 cooling technologies for high-density data center cooling (up to 50 kW) and build efficiency at scale. Our wholesale clients include some of the largest tech and enterprise ...

Below you will find locations of 55 data centers in San Jose, California. To find other data center locations and colocation, cloud or connectivity providers in California, please [click here](#).
