

Huawei 28-port core switch

Huawei 28-port core switch

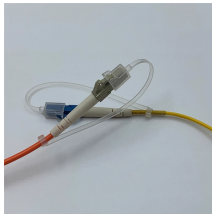

The Huawei S5700-28P-PWR-LI-AC is a high-performance Layer 3 switch designed for enterprise networks. It offers robust features for managing network traffic efficiently, ensuring reliable ...

Newly launched fixed switches tailored for the AI era, providing ultra-high-density port options ranging from 100GE to 400GE, supporting enterprises in building ultra-large-scale intelligent computing clusters.

The Huawei core switch is built to handle high-density data traffic with advanced switching capabilities and modular scalability. It supports modern network demands through high-speed connectivity and ...

The Huawei S5700-28P-PWR-LI-AC is a high-performance Layer 3 switch ...

Huawei campus switches are ideal for building future-proof campus networks with simplified management, high reliability, and service intelligence, across industries such as enterprises, ...

S6730-H28Y4C Switch is next-generation enterprise-class core ...

S6730-H28Y4C Switch is next-generation enterprise-class core and aggregation switch with 28 x 25 Gig SFP28, 4 x 100 Gig QSFP28 Dual pluggable power modules, 1+1 power backup and Switching ...

The CloudEngine S6730-H-V2 series offers a range of next generation 10 GE routing switches with 24, 28, or 48 downlink ports plus 6 x 40 GE uplink ports — which can be expanded to 100 GE through ...

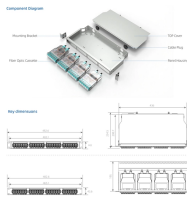

The USB port can have a USB flash drive connected to upgrade the switch, or transfer configuration files or other files. The USB port can only connect to a USB flash drive that complies with USB 2.0.

A combo port can be configured as an electrical port or an optical port, but only one port can be active at a time. When one port is active, the other port is shut down.

The DS-3E3700-H switch series adopts hot swappable dual-power supply, which allows you to configure AC or DC power supplies as needed. The switch can detect faults in power supplies, and will if any ...

With 28 ports, including 24 PoE ports, this switch offers a maximum port speed of 1000 Mbps, making it ideal for connecting network devices across a variety of applications. The switch supports full ...
