

Indoor Optical Cable Sheathing Production Line

Indoor Optical Cable Sheathing Production Line

Key Features & Advantages: High-Precision Extrusion System - The WRK-50 is equipped with a high-speed extruder for precise sheathing of optical fibers with LSZH, PVC, or PE materials, ...

The WRK-50 Indoor Optical Cable Production Line is an advanced manufacturing system designed for indoor fiber optic cable production. It enables the efficient and precise extrusion of fiber optic cables ...

This production line integrates advanced extrusion, fiber tension control, and automated operation, ensuring efficient, high-speed, and high-quality cable production.

Simplex/duplex soft optical cable sheathing line
This fiber optic cable production line makes simplex, duplex soft cables, outer diameter 5.0mm max.

The line is mainly used to produce 2 core indoor optical cable, Include: simplex cable, Duplex cable, FTTH cable and so on.
