

Multimode fiber optic pigtail st

Multimode fiber optic pigtail st

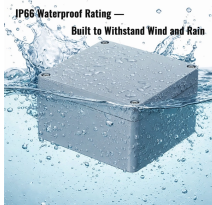

FS offers single mode & multimode fiber pigtails with tight buffer design for easy fusion or mechanical splicing. Quality assurance by 100% end-face, IL & RL testing.

This ST pigtail is a cable with high-grade ST fiber optic connector on one end, another end unterminated. They can configure single mode and multimode fiber for the specific application.

Find high-quality fiber optic pigtails for reliable network termination. We offer a full range of single mode and multimode pigtails with SC, LC, ST, and FC connectors.

High quality pre-terminated 900µm optical fiber pigtails with LC, SC, ST connectors for fiber splicing applications. Choose from single mode, multimode and 10G OM3/OM4 fibers.

This is a high-quality multimode OM1 62.5/125µm fiber optic pigtail featuring ...

With the OM4 Multimode ST Fiber Optic Pigtail, utilize the power of advanced multimode fiber optics with greater bandwidth and transfer distance. This fiber optic pigtail, with the ST connector, is a great ...

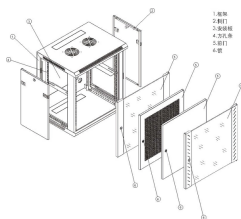

The short, unbuffered construction of multimode pigtail jumpers makes them the perfect choice for short-distance connections that require more flexibility than the average fiber optic installation.

Color-coded Fiber Pigtails: Individually colored to easily match color-coded Fiber Cable that will be spliced. Saves time and prevents incorrect patching with color-coded pigtails. Eliminates ...

We carry Fiber Optic fusion splicers, cleavers, OTDRs, cables, panels, laser sources, power meters, and many other Fiber Optic products for any project.

Leviton fiber optic pigtail kits are a good solution for mechanical or fusion splicing applications. Available in a range of multimode and single-mode fibers with SC, ST or LC connectors. Our premium pigtails ...

This is a high-quality multimode OM1 62.5/125µm fiber optic pigtail featuring ST/UPC connectors. Built with premium zirconia ferrules and durable composite hardware, these pigtails deliver excellent ...
