

Senegal Adjustable Attenuator High Precision

Senegal Adjustable Attenuator High Precision

Find reliable adjustable attenuators with 0-90dB range, stepwise control, and custom options. Compare top suppliers, verify specs, and click to source high-quality RF and fiber optic components today.

Over 400 attenuator models for 50-Ohm & 75-Ohm system including fixed, high-power, digital step / programmable, voltage variable and more! Stocked for shipping.

Built to handle high power and harsh environments, our attenuators help prevent overload, reduce reflections, and maintain system performance without compromise. Passively dissipate heat using ...

Surge = 6 kV per SCTE IPS-TP-210 Drift proof Hermetically sealed to prevent moisture migration. PPC's forward path attenuators provide a fixed level of attenuation within the downstream frequencies ...

With frequency coverage up to 50 GHz and power handling up to 5 watts, these attenuators support a wide range of high-frequency and high-reliability applications.

Standard Waveguide Level Setting Attenuators from Eravant. We are a US based manufacturer of Calibrated Waveguide Level Setting Attenuators from DC to 330 GHz.

Over 400 coaxial, surface mount, and MMIC attenuator models for 50-Ohm & 75- Ohm system including fixed attenuators, high-power attenuators, digital step / programmable attenuators, voltage variable ...

RF Attenuators from multiple manufacturers are listed on everything RF. You can search by specification using our parametric search tool, download datasheets and get quotations.

Online shopping for Industrial & Scientific from a great selection of Fiber Optic Attenuators, Radio Frequency Attenuators & more at everyday low prices.

We offer a robust portfolio of in-stock, adjustable RF attenuators and phase shifters for multiple applications, including test instrumentation, cellular communication, wireless communications, ...
